CONCLUSION

Theodo company has high check.

There is no QA specialist in their team but due to reviews they have high price for their service. So the quality of a product is highly important for them.

For medical, advertising and marketing industries – UI/UX design is very important part but they don't have a designer in their team.

Theodo company has diversified portfolio of customers, so they have stable volume of orders

Important argument in communication with this client – quality and timeliness of implementation

Theodo slogan: *We bring together the tech, the talent and the know-how to build leading products in record time*
